Presentation on **Sustainability Reporting proposal**

To the Management of

**INDRAPRASTHA GAS LIMITED**

an ISO 9001, ISO 14001 & OHSAS 18001 certified company

by

Birendra Raturi, International Director, SR Asia
Ms. Sumaya Rashid – Country Director - Bangladesh
Dinesh Agarwal, Sr. Adviser SR Asia

Dated 23/2/2018
THE SUSTAINABLE EDGE

Your corporate commitment – communicated effectively – brings bottom-line results.

Sustainability is the new business imperative, but the key to its benefits is effective communication. This concise report takes a high-level look at sustainability’s ROI and how to get – and leverage – your company’s sustainable edge.
Sustainability

Keeping in view that world population will touch 9 billion by 2030, FAO has helped Thailand to lease out 1 Lac acre of land for insect growth to feed people.
Stakeholders say they want to hear about:

- Human rights: 61.4%
- Energy/eco-efficiency: 61.0%
- Health and safety: 60.4%
- Climate protection: 59.4%
- Environmental policy: 58.8%
- Environmental management of the production process: 58.8%
- Corporate governance: 56.8%
- Standards in developing countries: 56.6%
- Avoiding soil and water contamination: 53.9%
- Environmental management system: 53.9%
- Bribery and corruption: 52.7%
- Supply chain standards for social issues: 51.1%
- Corporate citizenship: 34.5%

Why we need to report? Because
Why we need reporting? Because...

- Activist NGOs
- SRI Community
- Regulators and government
- Consumers
- Employees
- Scandals
- Development of global standards
- Peer and other industry pressure
- New media, blogs, internet

- Risk management or reduction

Risks:
- Improve management process
- Reduce waste, CO₂, water usage
- Government & stock exchange requirements

Internal

External
Sustainability reporting process overview

References: G4 Guidelines Reporting Principles and Standard Disclosures, p. 90
Focus on what matters, where it matters

Materiality: The report should cover Aspects that:

• Reflect the organization’s significant economic, environmental and social impacts; or

• Substantively influence the assessments and decisions of stakeholders
How has Coca Cola reported on **Materiality**?

### Economic
- Economic Performance
- Indirect economic impact

### Environmental
- Water
- Climate Protection
- Packaging
- Sustainable Agriculture
- Energy Consumption & Savings
- GHG Emissions & initiatives undertaken

### Social
- Women's Economic Empowerment
- Human & Workplace Rights
- Product Responsibility
- Charitable Contribution

#### 2020 Sustainability Commitments
Our Sustainability framework – what we call “Me, We, World” – is our shared vision for how we can work together to create social value and make a positive difference for the consumers and communities we serve.

**Me** Enhancing personal well-being

**We** Building stronger communities

**World** Protecting the environment

---

**Materiality**

**Indirect Economic Impact**

Tata Steel - Materiality

MAP-1: MATERIALITY ANALYSIS

- **Priority 3 - Discuss**
  - Leadership Policy and oversight on sustainability
  - Promoting Ethical Behaviour

- **Priority 2 - Track**
  - Stakeholder Identification & Management
  - Occupational Health & Safety
  - Capacity Building of Employees

- **Priority 1 - Focus**
  - Emissions
  - Environment Performance Management
  - Land acquisition and R&I
  - Community Engagement and Satisfaction
  - Benefit Sharing
  - Local Infrastructure Development
  - Resource Consumption

**Stakeholder Concern vs Impact on Business (Top Management)**
